

# Get noticed – become a sponsor!

On 30-31 October 2018, the Danish Wind Industry Association (DWIA) and Danish Research Consortium for Wind Energy (DFFV) will be hosting **WIND ENERGY DENMARK 2018** at Skagen Blade Technology in Hedensted, Denmark. The event gathers more than 400 industry and research leaders and other key stakeholders from the Danish and international wind industry.

Sign up for a sponsorship and make sure your company is at the center of attention at WIND ENERGY DENMARK 2018, the largest and most significant wind energy event in Denmark, focusing on the long-term industry and research development.
